

# Norton Notice

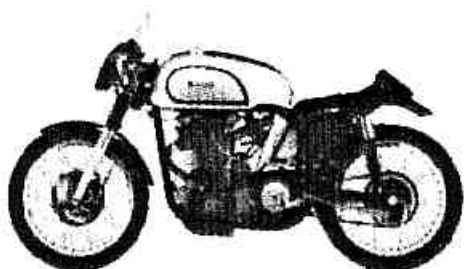

The Newsletter of the  
Northern California Norton Owners Club

No. 247

April 1999

Dunstall 750 Fastback Commando

## Norton Notice

*The Norton Notice* is published by the Northern California Norton Owners Club. Its purpose is to inform and entertain members regarding all aspects of the Norton motorcycle.

The dead-line for submissions is the 20th of every month. Send articles, pictures etc. to: **Norton Notice Editor- 1318 Eleventh Ave. San Francisco, Ca. 94122** You can also send text or scanned art (any format) via e-mail to: **dana@spazzco.com**

Advertising rates are \$60 per year for a 1/4 page. Membership in the Northern California Norton Owners Club is available for \$20 per year. Membership dues are payable to the branch treasurer (see application form inside cover). Renewal dues are payable at the end of the individual's membership year, which is designated by the last number listed on the mailing label of this mailing and on the membership card. **All changes of address or membership questions, please call the club President...not the Notice editor!!!**

The Northern California Norton Owners Club is affiliated with both the Norton Owners Club of England (NOC) and the International Norton Owners Association (INOA). Interested persons can join these two organizations per the terms on the Branch membership form.

## Club Officers

**President/Technical Editor**  
Alan Goldwater

Bill Knight, Dick Slusher

### Tech Tip Fine Print

**IMPORTANT:** Norton Notice members often submit technical suggestions for publication in the Norton Notice. Submissions published have been reviewed for technical content and are believed to be acceptable, but no guarantee is made or implied that they will work correctly, nor is any liability assumed by either the Norton Owners Club or the members for any problems resulting from the use of these tips. The club also assumes no responsibility for the acts or omissions of its members in connections with club activities. Norton Notice articles and other materials express the authors view only and not necessarily the policies of the Northern California Norton Owners Club, NOC or INOA. The editor reserves the right to accept, reject or alter all editorial or advertising material submitted for publication. Advertising does not mean endorsement or products.

June 12	Ride Meet Alices-Santa Cruz	Nov 11	Harrys Hofbrau San Leandro
July 8	Boathouse S.F.	Dec ??	Xmas Party
Aug 12	After Dardanelles Ride		

### ***Minutes for March***

Thirteen bikes arrived at Skylonda (Alice's Restaurant) at around 11 pm. There were 8 all black Commandos. That obviously is a very popular model amongst our members. Also present was Bob Bausch, our original member along with his original Fastback Commando (red (somewhat faded) and silver metallic flake). He wasn't able to join us on the ride so the rest of us departed Skylonda for the coast.

Twelve Nortons and one lovely, new Yamaha R1 followed Alan G. down La Honda Road over to Pescadero Road to the town of Pescadero. We had a nice lunch at Duarte's where they had a couple of tables reserved for us. We went outside Duarte's to have our meeting. It was called to order at 1:30pm by President Alan Goldwater. We discussed the upcoming event at Sears Point, April 16, 18. It seems that Alan is not getting much support from the members. We are the fea-

tered marque. He says he will do the best he can. We will have parking available and he hopes many members will show up. It seems that there are several MC events happening that weekend which might be diluting the enthusiasm.

The Clubman Show is 2 weeks away. Alan hopes to have new black, long-sleeved shirts available. The members voted unanomously to purchase them. We hope for many sign-ups as the club numbers are dwindling.

There will be a Day after ride leaving from Road Rider in San Jose at 10 AM. There will be more in the Notice about the Cambria Weekend with the Southern Cal group. The next meeting will be April 8th at Harry's Hofbrau. The meeting adjourned at 1:45 pm.

***Alan Mueller,***  
***secretary/treasurer***

PS: I would like to know what the members who went to this meeting felt about the ride/meeting combination. I happened to like the idea!!!

---

Here is the latest news about Norton taken from the March 3, 1999 issue of MCN (Motorcycle News)

### **NEW MANX TO BLAST FIRM BACK INTO BIGTIME**

A prototype 750 Norton superbike was seen out on the road in a secret test session. The location was a desolate moorland in Lancashire on a freezing February morning. The reason for the test was to see if the fuel-injection system which feeds the in-line 4 motor was working.

This was only the second time the prototype was seen ridden. The sound and sight of the 16-valve machine firing into life was a milestone in Norton's comeback. The bike did start but only after the rear wheel was perched on a home-made starting rig driven by the front wheels of the design teams van.

The bike returned after just a few minutes with the engine sounding as though it was running on three cylinders. This prototype motor was fitted with only one plug per cylinder. The new World Superbike Manx contender engine will be fitted with 3 plugs per cylinder.

This time the bike ran well. Design chief Al Melling has restricted the throttle movement to prevent opening the bike all the way up to prevent

damage to the new engine. The rider said that it was difficult to come to any conclusions about the engine at this stage. He felt it feels similar to a conventional in-line four but it seemed to have more pulling power in the low rev range. Technicians will use these results to start setting up the engine for full power delivery.

### **NEMESIS WILL BE READY FOR OWNERS IN JUNE**

The 220mph-plus Nemesis could be roaring on the road before June.

To satisfy the demand, Norton is likely to start hand-building one bike a week at its Rochdale HQ before full production begins later this year. At best, production will only be around 3 bikes per week as they will be all hand built.

The Nemesis will have a 230bhp motor and a top speed of 220mph. Al Melling says that he has been under tremendous pressure from Norton America to get things rolling.

MCN saw a brief moment of it hitting 10,000 rpm when the V-8 engine was blipped, producing a roar more like an F1 racing car than a motorcycle. All the tooling needed to make the bike has been completed and ready to ship to sub-contractors where Norton sources its components.

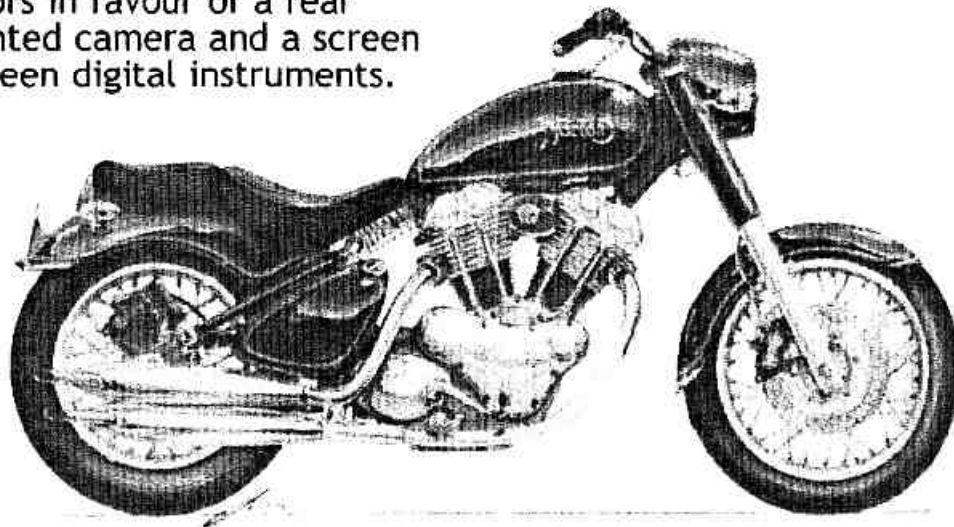

Melling confirms that there are 24 firm orders for the Nemesis, which is enough for six months.

Only after it starts producing 3 bikes a week will the firm be in the black even though the price is over £27,000. Most of the buyers come from the United States where Norton's comeback is causing quite a stir. Technically the V-8 is a doubled up 750 four. It shares identical gear-driven camshafts and cylinder heads. Many internal parts are shared with the Manx. It will even dispense with rear view mirrors in favour of a rear mounted camera and a screen between digital instruments.

### V-TWIN ON TRACK FOR AUTUMN

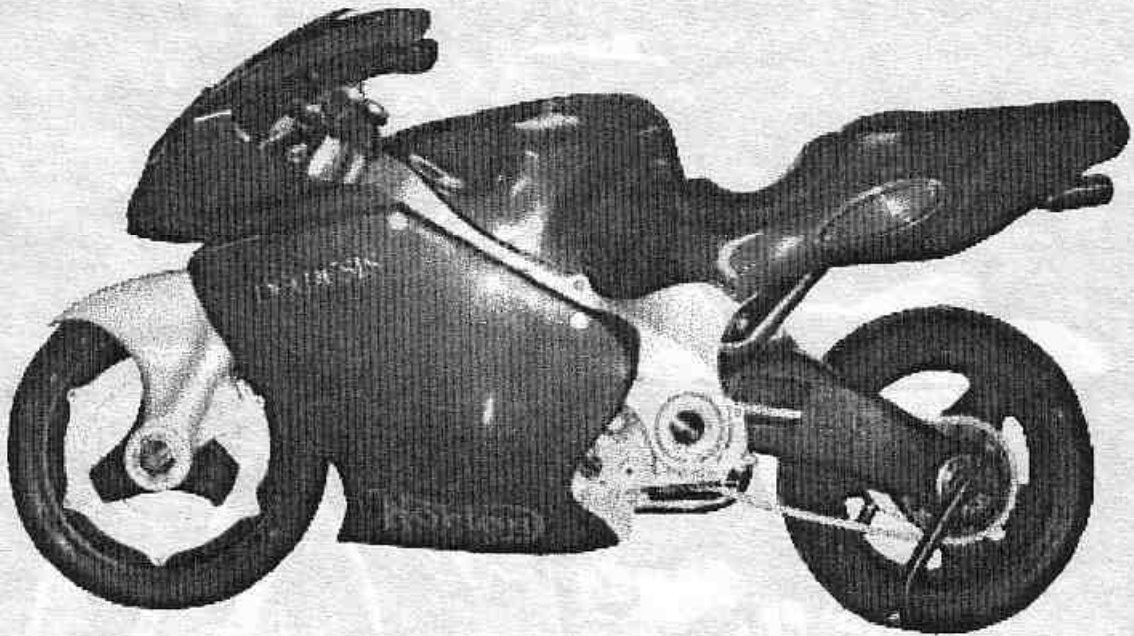

The giant V-twin Nirvana will follow the Nemesis into production this autumn. It is a 1640cc V-twin cruiser. It was rushed into production when it became clear that the V8 Commando was running late.

Even though it is a a rush job, Melling has detailed the design to make it look like a pair of 1950s Norton cylinders with a typically British timing case. It will have 2 valves per cylinder and will have a mild power delivery.

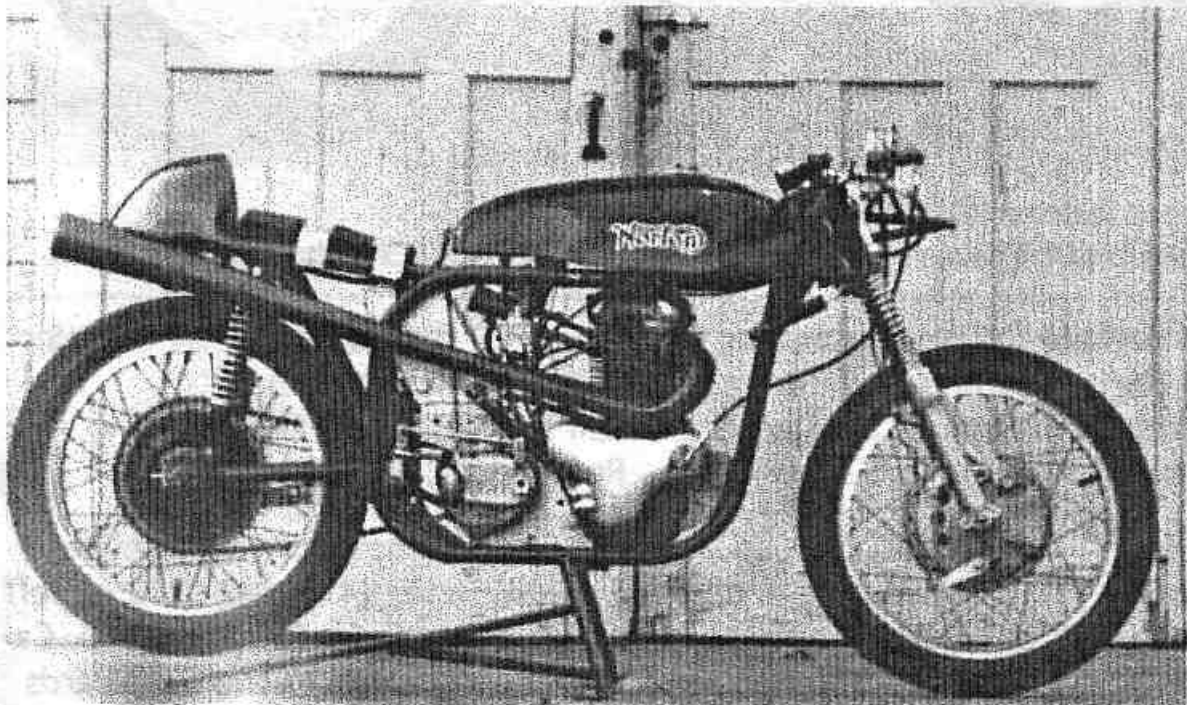

### BRITISH FIRM'S NEW RANGE AT A GLANCE

Name	Style	Price	Available
Nemesis	Hypersports	£27,000	May/June 1999
Nirvana	Cruiser	£13,000	Oct/Nov 1999

Used about one year. Excellent condition. Please contact: Rick Piovesan 10122 Tioga Drive San Antonio, Texas 78230 (210) 699-4598 rmpiovesan@hotmail.com (8/99)

**Help this guy:**

Could somebody point me in the right direction? I'm trying to nail down the year of two bikes I have. One is an Atlas w/frame #20 111498. The other is a 650SS w/frame #18 110356. Are these both '65s or '66s? Also, the 650 motor # has what looks to be /(P) to end the serial #. That wouldn't stand for Police, would it? Thanks very much. Paul Bartholomew pbart@worldnet.att.net (8/99)

**FOR SALE:** 1972 Triumph Bonneville Rebuilt Motor & carbs, new clutch & Exhaust system Runs and looks great. \$2,800 or best offer. Call Mr. J. Mason (415) 641-5021 (8/99)

## THE NORTHERN CALIFORNIA NORTON OWNERS CLUB

### Membership Application

**The Northern California Norton Owners Club (NCNOC)** was started in San Francisco in the early 1970's and grew geographically larger to become the Northern California Club.

Club membership is typically limited to Norton Owners, but we look the other way all the time, at least as long as you would like to own a Norton, own other British bikes, or are just a great person to be around. So if you like to ride, repair, eat, drink and be merry and admire Norton motorcycles, it will cost you \$20 to join.

The club has monthly rides (some times more frequent), monthly meetings on the second Thursday of each month (at rotating venues) and award winning Newsletter and a website. If you would like to learn more about your Norton and how to take care of it, would like to buy a Norton or just want to have a good time with other club members, join now!

The NCNOC maintains a relationship with the U.S. Norton Owners Association (USNOA, also known as the International Norton Owners Association or the INOA) as well as the original club in England. Our club secretary will tell you how to join the U.K. organization if you have an interest.

The USNOA hosts a North American Rally each year and publishes a fine quarterly magazine called the *Norton News*. This gives you access to national want-ads and to merchants all over the country who advertise in the News as well as a national membership list. It is well worth joining and will cost another \$20. Send that to: Dian Stark, 12603 BelAire Circle, McCalla, AL. 35111 Phone: (205) 477-4340.

We look forward to seeing you and your Norton on the high road.

Attach additional sheet to list more.

I hereby apply for membership in the Northern California Norton Owners Club (NCNOC). Circle One: • New Membership • Renewal application.

The undersigned application certifies that he or she is a legal resident of the U.S. over the age of 18, has a valid motorcycle drivers license, and will use legally required safety equipment in connection with club activities. Participant does hereby execute this release waiver, and indemnification for himself or herself and his or hers successors, representatives, and assigns, and hereby agrees and represents as follows: To release the Northern California Norton Owners Club ("The Club") and it's officers, agents and members from any and all liabilities, loss, damage, cost, claims and/or cause of action, including but not limited to all bodily injury and property damage arising out of participation in the Club's activities, it being specifically understood that such activities include the use by applicant and others of motorcycles. The applicant further agrees to indemnify the Club and it's officers, agents and members and hold them harmless for the results of the undersigned's participation in those activities. This indemnification also includes attorney's fees in defending any claim or judgment in the negotiation of any settlement. It is understood and agreed that the undersigned will have the opportunity to consent to any settlement; provided however, that such consent shall not be unreasonably withheld.

I have read and agreed to the additional terms and conditions set forth on all parts of this application. Other affiliated clubs an organizations are also represented and protected by this release.
