

# Norton Notice

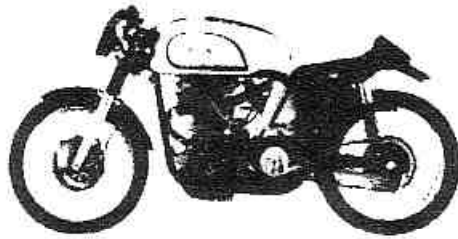

The Newsletter of the  
Northern California Norton Owners Club

No. 250

July 1999

**LAKE SELMAC RALLY  
DATES CHANGED! TO:  
AUGUST 5TH-7TH**

## Norton Notice

*The Norton Notice* is published by the Northern California Norton Owners Club. Its purpose is to inform and entertain members regarding all aspects of the Norton motorcycle.

The dead-line for submissions is the 20th of every month. Send articles, pictures etc. to: **Norton Notice Editor- 1318 Eleventh Ave. San Francisco, Ca. 94122** You can also send text or scanned art (any format) via e-mail to: **dana@spazzco.com**

**Advertising rates are \$60 per year for a 1/4 page.** Membership in the Northern California Norton Owners Club is available for \$20 per year. Membership dues are payable to the branch treasurer (see application form inside cover). Renewal dues are payable at the end of the individual's membership year, which is designated by the last number listed on the mailing label of this mailing and on the membership card. **All changes of address or membership questions, please call the club President...not the Notice editor!!!**

The Northern California Norton Owners Club is affiliated with both the Norton Owners Club of England (NOC) and the International Norton Owners Association (INOA). Interested persons can join these two organizations per the terms on the Branch membership form.

## Club Officers

### Tech Tip Fine Print

**IMPORTANT:** Norton Notice members often submit technical suggestions for publication in the Norton Notice. Submissions published have been reviewed for technical content and are believed to be acceptable, but no guarantee is made or implied that they will work correctly nor is any liability assumed by either the Norton Owners Club or the members for any problems resulting from the use of these tips. The club also assumes no responsibility for the acts or omissions of its members in connections with club activities. Norton Notice articles and other materials express the authors view only and not necessarily the policies of the Northern California Norton Owners Club, NOC or INOA. The editor reserves the right to accept, reject or alter all editorial or advertising material submitted for publication. Advertising does not mean endorsement or products, goods or services.

---

July 1999

I'm pleased to report that we had some excellent rides last month. We had 15 Nortons and a Triumph on the Peninsula ride, where I managed to get lost (again!) on the last leg up Verde road. I wasn't the only one, as the group arrived at Cameron's Pub in several scattered bunches. Everyone finally made it, and we enjoyed the excellent 'pub fare' before scattering again to the 3 points of the compass.

On the Santa Cruz ride the turnout was a bit less, with 9 bikes. The route was the same as last year, down 9, then up Bear Creek to the Summit Road, where fresh gravel kept the pace down and riders nervous. We arrived at Britalia in time for pizza, with sodas provided by our host. Frank Recoder brought a Norton rider he met at a car wash, Gary Biggins of Bellingham WA., who keeps a Norton at in-laws in the North Bay. Gary promptly joined the

club, so I guess he enjoyed the ride!

In between these two events, I rode down to join the SC NOC ride from Jolon back to Cambria. I had a good time bench racing with our Norton riding cousins, with bs and spir-its flowing in equal amounts. On Sunday I came straight up 101, which is a pleasure on my Norton 'Rotostate'. The weather was warm and clear, and I was home in time for lunch.

**The Lake Selmac Norton Rendezvous with the Northwest Norton Owners has been rescheduled to August 5th-7th.** I received word of this too late to correct the June Notice, and I apologize for the inconvenience this may cause. The North Bay ride has been reinstated for July 25, so those of you who have set aside that weekend for Nortoning still have a worthwhile activity. The ride will leave from Hercules at 11 am. **Contact Greg Fuller at (925) 449-1762 for details**

I received some email from an INOA member, asking about the effect of 'reformulated' fuel additives on fiberglass fuel tanks. Since there is a safety issue here I thought I should make sure of my facts. I contacted club member Jim Meadows who owns a petroleum maintenance company in Reno. He says that based on his experience there is NOT a problem

---

with MTBE in fiberglass tanks or with rubber parts. However, there IS a problem with ethanol, and in fact Norton fastback tanks are particularly bad in this regard. Jim should know, as he crashed and broke his shoulder some years ago, due to a carb slide stuck open by deposits of fiberglass resin goo! He has also seen instances of older fiberglass fuel storage tanks which have failed due to increased concentration of ethanol in the fuel. New tanks he installs use a different resin chemistry

which is ethanol tolerant.

Jim highly recommends that if you run a fiberglass fuel tank, treat it with a tank liner product that specifically resists alcohol (ethanol). The hazard from a failed tank is substantial, including potential leak and fire risk, as well as motor damage or crashing from a stuck carburetor.

That's all for this month. I still have all sizes of the new club shirts (longsleeve, black/gold) but the XL is going fast so don't wait to order if you want one.

-Alan

---

**Minutes of Meeting  
Submitted by John Covell,  
scribe pro tem**

Convened by President Alan Goldwater at 10:25am, 6/12/99, at Skylonda. Ten members present on eight Nortons, one rotary-driven, plus a Triumph; and one miscreant in a rotary-powered 4-wheeler. The route for the days ride was discussed, debated, researched, verified, confirmed, and mandated.

The Lake Selmac ride has been rescheduled to August 6-8.

Consequently, the North Bay ride for July 25 has been reinstated. It will leave from Hercules at 11am, go to St. Helena, Lake Berryessa, etc., and return to Hercules. Greg Fuller is coordinator for the ride, direct any questions to him. Further details presumably to appear in the NN. Clubs shirts were available, at least one was bought. (Thanks, Gar.)

Meeting adjourned at 1035am. Riders departed for Britalia, Santa Cruz, a few minutes later.

**JOIN THE CLUB RIDE!  
JULY 25TH  
"NORTH BAY RIDE"**

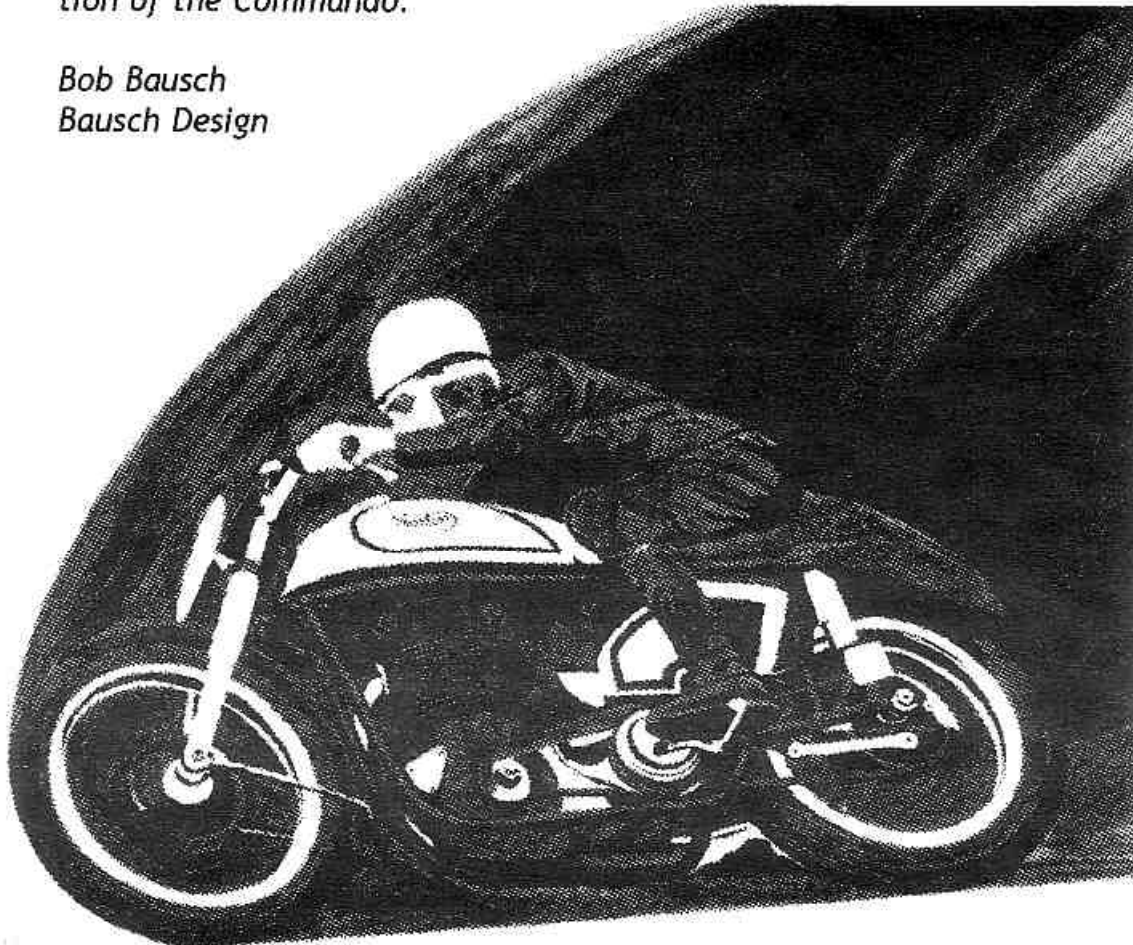

*Dear NCNOC*

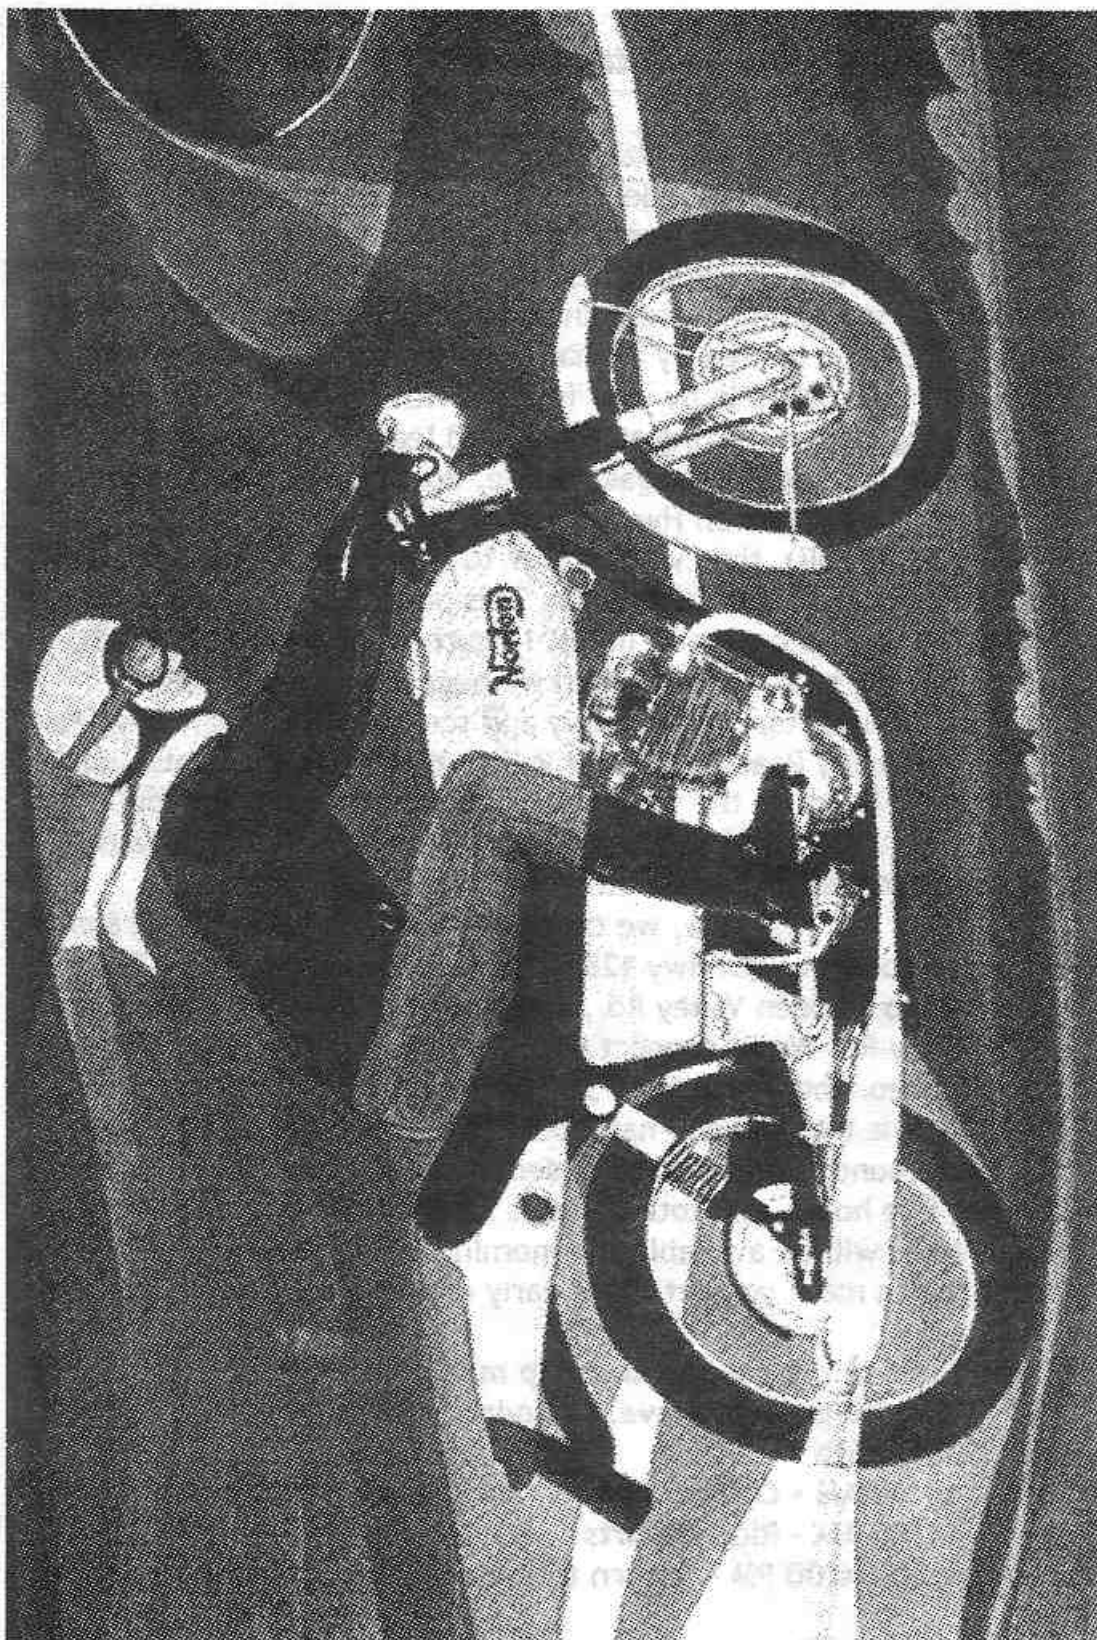

*I started the San Francisco Branch of the NOC back in 1970, with the help of Jerry Kaplan. This is the branch that evolved over the years into the present day Northern California Norton Owners Club.*

*I Bought my Quicksilver and Burgandy Fastback at Frank Servetti's on Valencia Street in June 1969, and still have it 30 years later! Went on my first club ride in many years a few weeks ago (the "Camerons ride") and had a lot of fun (just ask Alan G.).*

*Anyway, I did some Norton art back in the 70's, and recently scanned some slides to see if I could get anything worthwhile for the Norton Notice. The originals on all of these are full color, and unfortunately they do lose something going to grayscale! (See art below and next few pages) The Fastback art, by the way, is a watercolor that I sent the original of to Dennis Poore, the chairman of Norton Villiers at the time, and the person probably most responsible for the introduction of the Commando.*

## *NCNOC North Bay Ride 07-25-99*

---

Actually, I took license and planned what more accurately might be called the "Northeast Bay Ride." The ride gathers near the city of Rodeo, where Highway 80 intersects with Willow Avenue. Just south of Hwy 80 on Willow Avenue is a small strip mall with a gas station, convenience store, and a donut shop that is unfortunately closed on Sunday. Not to be beaten by a small problem like that, donuts and coffee will be trucked in by your intrepid ride leader. We'll meet at the shopping center starting at 10am, and leave for the ride at 11am sharp. Come early for gas, coffee, donuts, and socializing.

The ride starts on Hwy 80 across the Carquinez bridge (the standard \$2.00 toll), then we cut over to Hwy 29 and head up to St. Helena for our first stop, and lunch. This portion of the ride takes about an hour, and covers 40 miles. I figure an hour for gas, lunch, and sightseeing in St. Helena, then we head east toward Lake Berryessa. Things start to get curvy and scenic as we follow Deer Park and Howell Valley Roads into Pope Valley, then take Pope Valley and Pope Canyon Roads to the west side of Lake Berryessa. Our route follows the west shore of Lake Berryessa, where we will stop at a rest area for a short stretch and bathroom break.

After our rest stop, we continue along Berryessa's west shore until we re-connect with Hwy 128, then cutoff south on Hwy 121. We follow 121 to Wooden Valley Rd., and take that south as it becomes Suisun Valley Rd. We re-connect with Hwy 80 in Cordelia, and take 80 back to Rodeo. Total time from St. Helena to Rodeo, including the rest stop(s), is two and one-half hours, and covers around 60 miles. Total time round trip (Rodeo to Rodeo, including stops and lunch) is less than five hours, and total miles is around 100.

Maps will be available the morning of the ride, and coffee and donuts are on me if you get there early enough. See you on the ride!

**Where:** Meet at the gas station/strip mall,  
Hwy 80 at Willow Ave. in Rodeo

**When:** July 25th

10:00 AM - Coffee, Donuts, conversation and preparation

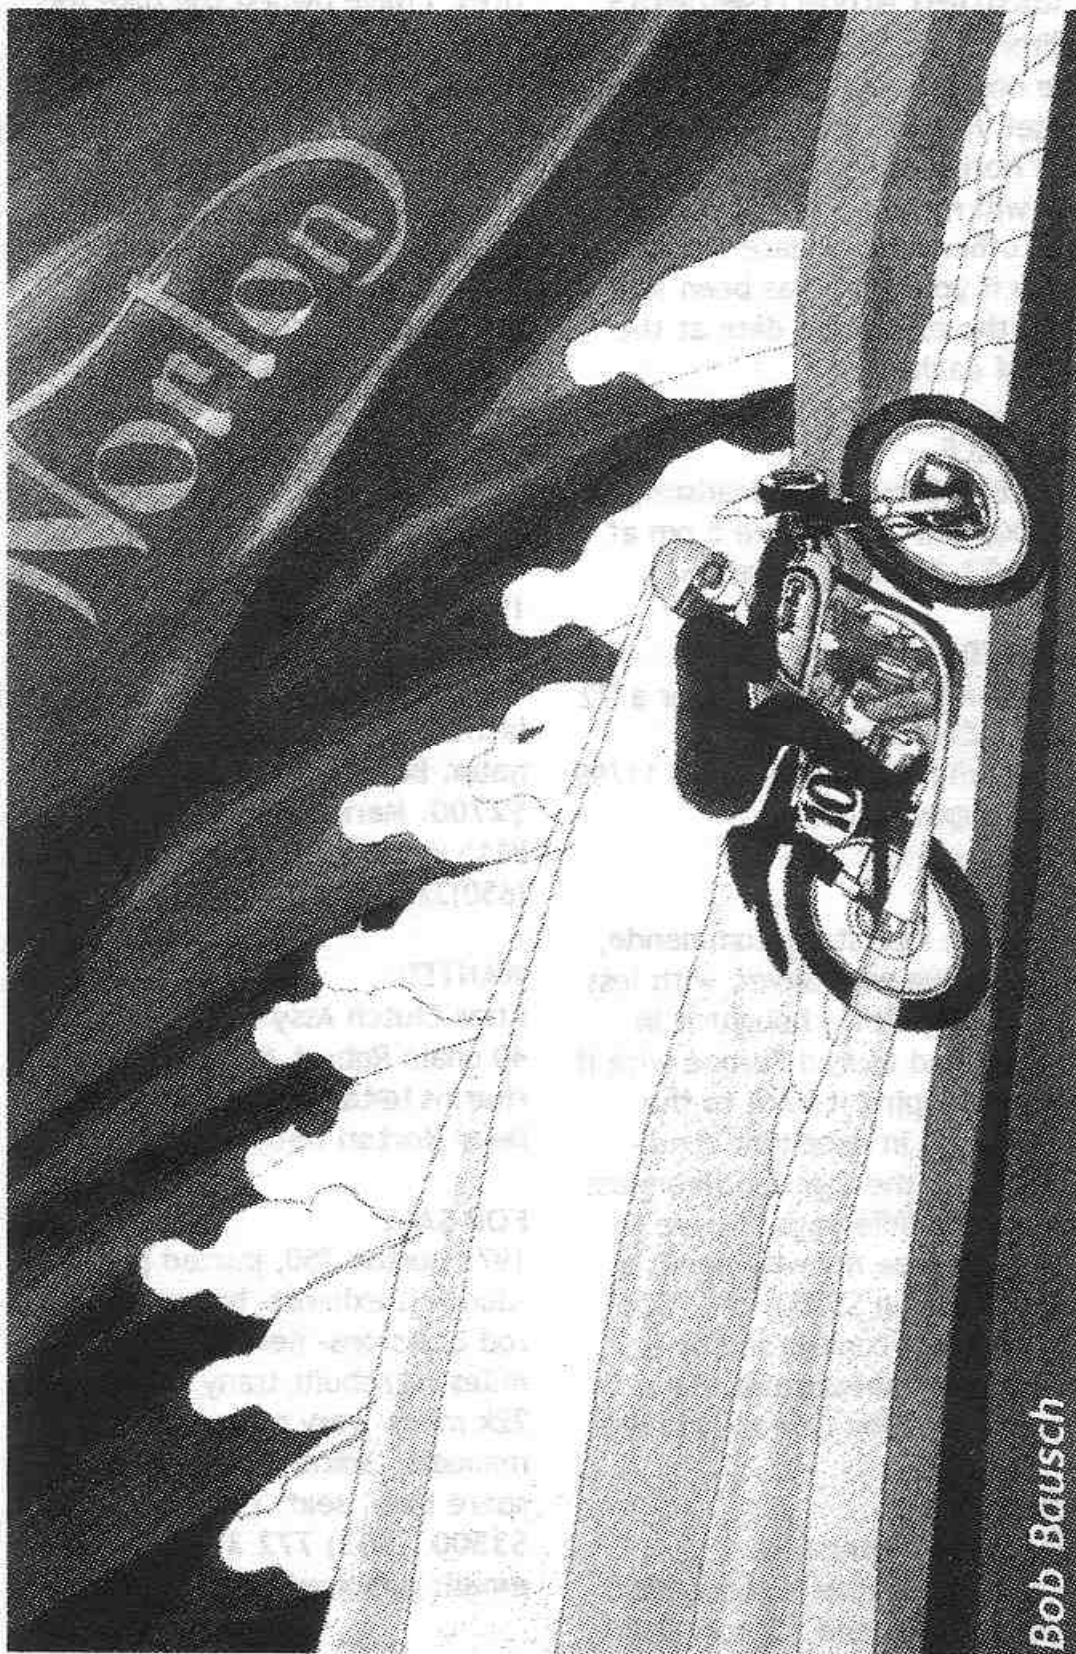

11:00 AM - Ride departs

3:30 - 4:00 PM - Return to Rodeo - End of ride

**Contact:** Greg Fuller (925) 449-1762 email: gfuller52@aol.com

## THE NORTHERN CALIFORNIA NORTON OWNERS CLUB

### Membership Application

The Northern California Norton Owners Club (NCNOC) was started in San Francisco in the early 1970's and grew geographically larger to become the Northern California Club.

Club membership is typically limited to Norton Owners, but we look the other way all the time, at least as long as you would like to own a Norton, own other British bikes, or are just a great person to be around. So if you like to ride, repair, eat, drink and be merry and admire Norton motorcycles, it will cost you \$20 to join.

The club has monthly rides (some times more frequent), monthly meetings on the second Thursday of each month (at rotating venues) and award winning Newsletter and a website. If you would like to learn more about your Norton and how to take care of it, would like to buy a Norton or just want to have a good time with other club members, join now!

The NCNOC maintains a relationship with the U.S. Norton Owners Association (USNOA, also known as the International Norton Owners Association or the INOA) as well as the original club in England. Our club secretary will tell you how to join the U.K. organization if you have an interest.

The USNOA hosts a North American Rally each year and publishes a fine quarterly magazine called the *Norton News*. This gives you access to national want-ads and to merchants all over the country who advertise in the News as well as a national membership list. It is well worth joining and will cost another \$20. Send that to: Dian Stark, 12603 BelAire Circle, McCalla, AL. 35111 Phone: (205) 477-4340.

We look forward to seeing you and your Norton on the high road.

Attach additional sheet to list more.

I hereby apply for membership in the Northern California Norton Owners Club (NCNOC). Check One:  New Membership  Renewal application.

The undersigned application certifies that he or she is a legal resident of the U.S. over the age of 18, has a valid motorcycle drivers license, and will use legally required safety equipment in connection with club activities. Participant does hereby execute this release waiver, and indemnification for himself or herself and his or hers successors, representatives, and assigns, and hereby agrees and represents as follows: To release the Northern California Norton Owners Club ("The Club") and it's officers, agents and members from any and all liabilities, loss, damage, cost, claims and/or cause of action, including but not limited to all bodily injury and property damage arising out of participation in the Club's activities, it being specifically understood that such activities include the use by applicant and others of motorcycles. The applicant further agrees to indemnify the Club and it's officers, agents and members and hold them harmless for the results of the undersigned's participation in those activities. This indemnification also includes attorney's fees in defending any claim or judgment in the negotiation of any settlement. It is understood and agreed that the undersigned will have the opportunity to consent to any settlement; provided however, that such consent shall not be unreasonably withheld.

I have read and agreed to the additional terms and conditions set forth on all parts of this application. Other affiliated clubs an organizations are also represented and protected by this release.
